

**EVIDENCE-BACKED ADVANCED CREDENTIALING**

Academic, Teaching & Research Credentialing Report

Teaching, scholarship, supervision, projects and institutional evidence-readiness

OVERALL RESULT	QUALITY REVIEWED
PARTIALLY READY - INSTITUTION REVIEW	No material discrepancy identified in the approved sample scope.

DOCTOR / FACULTY	HYRDOC ID	INSTITUTION	REPORT DATE
Dr. Ananya Rao	HYD-SAMPLE- ACA-001	Coastal University of Health Sciences	29 Jul 2026

Sample purpose: This fictional report demonstrates the same section structure, evidence statuses, source recording, governance decisions and integrity controls used by the live HYRDOC credentialing report engine. Live reports contain only lawfully obtained and reviewed evidence within the purchased and consented scope.

01. Identity, qualification and academic employment

Check	Claim	Source-confirmed value	Outcome
Identity	Dr. Ananya Rao	Matched across consented records	Verified
Highest qualification	PhD in Biomedical Sciences, 2014	Awarding university and award date confirmed	Verified
Current designation	Professor and Department Chair	Appointment and promotion orders matched	Verified
Academic service	15 years	14 years 9 months documented	Verified with clarification

SAMPLE - NOT VALID

02. Teaching workload, courses and curriculum contribution

Area	Recorded responsibility	Evidence	Finding
UG teaching	Human physiology and research methods	Timetable and workload allocation	Verified
PG teaching	Advanced research design and biostatistics	Course schedule and attendance record	Verified
Curriculum development	Member, Board of Studies; revised two course modules	Minutes and approval order	Verified
Academic administration	Department Chair; examination and quality committees	Appointment and committee orders	Verified

SAMPLE - NOT VALID

03. Publications, books and chapters

Scholarly output	Claimed role	Verification source	Outcome
8 journal articles - fictional sample list	First / corresponding / co-author	Publisher, DOI and indexing records	7 verified; 1 unable to verify
Research Methods for Allied Health - fictional book	Lead author	Publisher and sample ISBN record	Verified
2 edited-book chapters	Chapter author	Publisher contents and contributor page	Verified
Editorial board membership	Associate editor	Journal appointment and website	Verified for stated period

SAMPLE - NOT VALID

04. Research supervision and student outcomes

Supervision type	Claim	University record	Finding
PhD guidance	3 awarded; 2 ongoing	3 awards and 2 current registrations matched	Verified
Masters dissertation	12 completed	10 matched; 2 older records unavailable	Partially verified
Student research projects	18 supervised	Departmental project register reviewed	Institutionally attested

SAMPLE - NOT VALID

05. Projects, grants, consultancy and patents

Record	Role / amount	Source-confirmed detail	Outcome
Community diagnostics project - fictional	PI; INR 12,00,000	Sanction, finance release and progress report	Verified
Digital teaching laboratory - fictional	Co-PI; INR 5,50,000	Institution order and utilisation summary	Verified
Hospital process consultancy - fictional	Academic consultant	Institution agreement; financial amount restricted	Role verified
Sample patent application	Co-inventor	Fictional patent registry filing status	Filed - not granted

SAMPLE - NOT VALID

06. Conferences, awards and professional academic roles

Category	Claimed activity	Evidence result
Invited lectures	6 national / institutional lectures	5 verified; 1 organiser archive unavailable
Conference presentations	4 oral and 7 poster presentations	Programmes / certificates reviewed
Awards	Best Research Mentor 2024 - fictional	Awarding institution confirmation
Peer review	Reviewer for three journals	Two editor confirmations; one doctor-declared only
Professional membership	Two active academic associations	Membership status verified as of review date

SAMPLE - NOT VALID

07. Academic evidence-readiness and authorised decisions

Requirement	Status	Authorised conclusion
Qualification and academic designation	Evidence ready	Verified and current
Teaching and workload	Evidence ready	Institutionally confirmed
Research supervision	Partially ready	Two older dissertation records unavailable
Publications / research score inputs	Needs authorised calculation	Evidence recorded; institution applies applicable rule
Final faculty decision	Institution decision	Approved for selection-process consideration

HYRDOC records evidence and readiness. It does not issue UGC approval, professional-council approval, appointment or promotion.

SAMPLE - NOT VALID

08. Monitoring, consent and integrity

Control / monitoring	Sample status	Next action
Consent	Granted for academic and research credentialing	Reconfirm for expanded scope
Ongoing projects	Two active	Annual progress-status review
Publication pending verification	One item unable to verify	Doctor may submit a corrected source
Faculty role	Current	Update on promotion, transfer or role change
Quality review	Approved	Immutable report version retained

Sample integrity hash: 7abfa282f584f8457456b0be2cb1015c650e0ce74f40b06642278d5b9ea67dc5

This report uses fictional people, institutions, records and outcomes. A live report follows the same structure and displays actual verified, clarified, pending, not-applicable or unable-to-verify outcomes from the authorised scope.
